

Webtech assignment 1

Index:

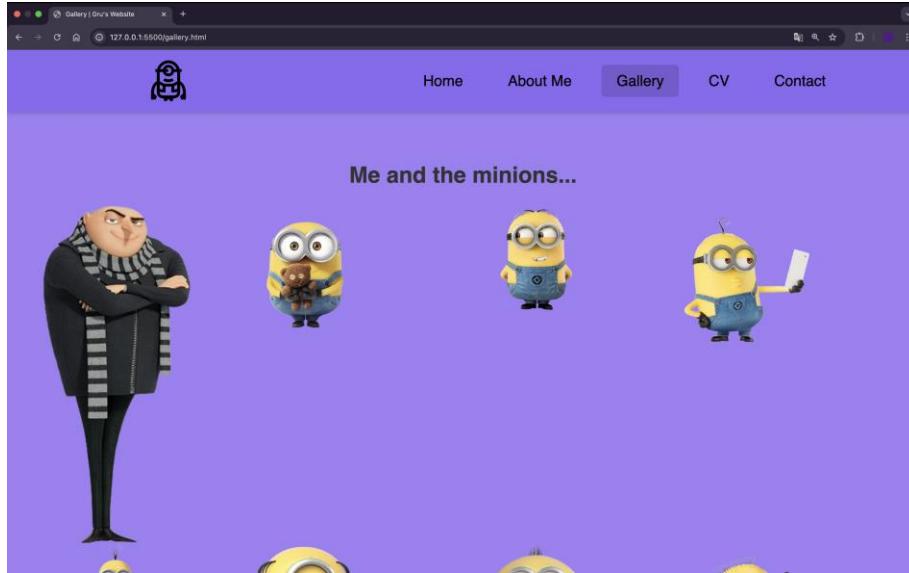

I tried setting the image as a background for the whole page, including the footer, but I didn't like it so I left it like this even tho it looks a bit silly.

About me:

A screenshot of the "About Me" page of "Gru's Website". The page has a purple header with a logo of Gru's head, and navigation links for Home, About Me, Gallery, CV, and Contact. The main content area includes a section titled "A little about myself..." with text about Gru's life and hobbies. It also features a large image of Gru and a smaller image of one of his gadgets.

whenever i make my screen smaller my beautiful gru distorts and I have no idea how to fix it

Gallery:

I wanted the images to have no background. Since they don't have defined frames, they look like they are floating around and have all weird sizes. It looks a little goofy but I actually dont mind the super awkward gaps there.

Cv:

A screenshot of a web browser displaying a CV page. The title bar says "CV | Gru's Website". The page has a grey header with a logo on the left and navigation links: Home, About Me, Gallery, CV (which is highlighted), and Contact. Below the header is a section titled "Curriculum vitae".

General info

Full name: Felonius Gru.
Address: 21 Evil Lair Lane, Suburban Area, Unknown Location.
Phone: +00 666 777 000
Email: gru@minionmail.com
LinkedIn: linkedin.com/in/feloniusgru
Languages: English (with Eastern European accent), Minionese, Some Spanish.

Professional Summary

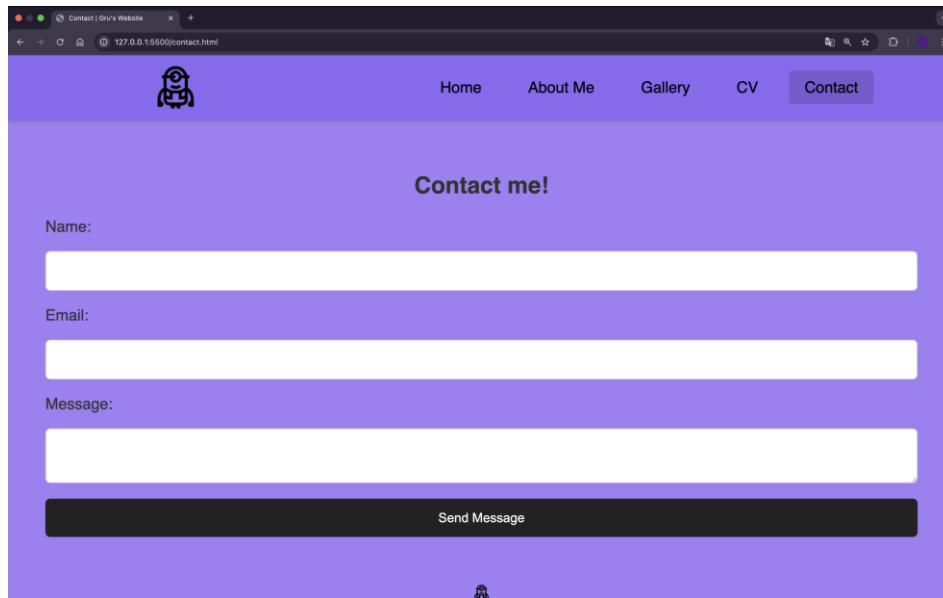

Innovative and ambitious professional with extensive experience in large-scale operations, strategic planning, and unconventional project management. Adept at leading diverse teams (human and otherwise) to achieve seemingly impossible goals. Known for creativity, adaptability, and a recent successful transition from villainy to legitimate business and family life.

Key skills

- Tactical planning;
- Weapon engineering;
- Moon-based logistics;
- Leadership in minion management;

Ok nothing to say about the cv but i also had to look up the hover animation for the navigation

Contact:

A screenshot of a contact form page titled "Contact me!". The page has a purple header with navigation links: Home, About Me, Gallery, CV, and Contact (which is highlighted). Below the header, there are three input fields labeled "Name:", "Email:", and "Message:". A "Send Message" button is located at the bottom of the form area. The background of the page is white.

For the contact section i looked at the w3school contact form tutorial (?) because i kept trying to use <p> instead of the <label> and i didnt like it .
